

For the promotion
and recognition
of excellence
in orphan disease
treatment research

The Review Committee

Chairman:

Robert J. Desnick Ph.D, M.D.
Dean for Genetic and Genomic
Medicine, Professor and Chair
Emeritus Department of Genetic
& Genomic Sciences, Mount Sinai
School of Medicine, New York, USA

Francesco Emma M.D.
Director of the Division
of Pediatric Nephrology
Chief of the Department
of Pediatric Subspecialties,
IRCCS Children's Hospital
Bambino Gesù, Rome, Italy

Norio Sakai M.D., Ph.D.
Child Healthcare and
Genetic Science Laboratory,
Division of Health Science,
Osaka University Graduate
School of Medicine,
Osaka, Japan

Full Application Instructions

1. The word limit is 6,000 words (including the abstract).
2. Please use one-sided single-spaced pages and a standard 12-point font.
3. Cover page, references, budget, curriculum vitae, figures and other documentation are not included in the word count.
4. Figures should be limited to a maximum of 6 and can be in a smaller font (min 10-point) as long as the information remains legible.
5. Please indicate the word count on the cover page.
6. The Full Application needs to be digitally signed.
7. The Submission Agreement must be downloaded from the website <https://prize.recordati.it>, duly completed and signed by the Principal Investigator and the appropriate Institutional Representative, and submitted together with the Full Application.
8. Full Applications must be submitted accompanied with the Submission Agreement from **15th March and no later than 30th April 2019 at 23.59 CET**. Full Applications submitted after that deadline will not be considered.

Please also note that Full Applications that are incomplete, use a different format, exceed length limitations and/or are not accompanied by the completed and signed Submission Agreement will not be considered.

Structure of the Full Application

The Full Application shall be structured as follows:

1. Abstract of the proposed project
2. Specific aims
List the project's specific objectives and describe the specific goals of the research, including hypotheses to be tested
3. Preliminary studies and progress to date
4. Research Design and Methods
Describe the research design and methodology that will be used to accomplish each specific aim
5. References
6. Budget
7. CV of the Principal Investigator
8. Other relevant documents.

Please note that Full Applications that do not include all the sections mentioned above will not be considered.
